## ABSTRACT

The advanced pedagogy for education is designed to engage the student in solving any problem through brainstorming. Advanced pedagogy means, a skill planning of a working system by which objective can be achieved conveniently. "Advanced pedagogy means developing & implementing planned activities to engage the participants as a partner in the teaching activity."

Pedagogy is the study of teaching and how the content is presented to students. It is the development of an educational process that helps learners gain knowledge. Pedagogy definition includes the teaching practices and theories deployed to teach. It stimulates the unique interaction between teachers and students.
